Honorable William J. Casey
Director
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Casey:

Thank you for your letter dated July 6, 1981, regarding the proposed new Central Intelligence Agency (CIA) building in Langley, Virginia. I welcome the opportunity for the General Services Administration (GSA) to participate with the CIA in the planning, design and construction of this new building.

I agree that GSA can and should perform an important role in supporting your planning efforts, and my staff is anxious to lend its expertise in the design and engineering work. Also, since we would presumably administer the construction contracts, GSA staff is most interested in advising on those aspects of planning and design which will ultimately affect the construction administration.

The action office within GSA on this project will be the Design and Construction Division, Public Buildings Service, in our National Capital Region. Mr. James B. Stewart, Division Director, will work with your staff in drafting a memorandum of understanding between our agencies for the project. I have asked Mr. Stewart to contact of your staff immediately, to begin work on the memorandum of understanding.

STAT

Sincerely,

Gerald P. Carmen
Administrator
